Name:

Child Lines

Comodel:[account.report.line](#)**foldable** : [bool](#) **Name:**

Foldable

By default, we always unfold the lines that can be. If this is checked, the line won't be unfolded by default, and a folding button will be displayed.

print_on_new_page : [bool](#) **Name:**

Print On New Page

When checked this line and everything after it will be printed on a new page.

action_id : [int](#) **Name:**

Action

Comodel:

ir.actions.actions

Setting this field will turn the line into a link, executing the action when clicked.

hide_if_zero : [bool](#) **Name:**

Hide if Zero

This line and its children will be hidden when all of their columns are 0.
